

# You Can Have Me

Sidewalk Prophets

Key = D

Tempo 85

## Verse 1 :

Bm                    A/C#     D     G                    A<sup>sus4</sup>   A  
If I saw You on the street and You said come and follow me

Bm                    A/C#   D     G                    A<sup>sus4</sup>     A  
But I had to give up everything, I once held dear and all of my dreams

D/F#             G             A<sup>sus4</sup>             A  
Would I love You enough to let go

Em7                    G                    A<sup>sus4</sup>   A  
Or would my love run dry when You asked for my life

## Chorus :

D                    A<sup>sus4</sup>  
When did love become unmoving

Bm7                    G<sup>sus2</sup>  
When did love become unconsuming

D                    A<sup>sus4</sup>  
Forgetting what the world has told me

Bm7                    G<sup>sus2</sup>                    A  
Father of love, You can have me, You can have me

## Verse 2 :

Bm                    A/C#     D     G                    A<sup>sus4</sup>   A  
If You're all You claim to be then I'm not losing anything

Bm                    A/C#     D     G                    A<sup>sus4</sup>   A  
So I will crawl upon my knees just to know the joy of suffering

D/F#        G            A<sup>sus4</sup>            A  
I will love You enough to let go

Em7                            A<sup>sus4</sup>  
Lord I give You my life, I give You my life

**Bridge :**

D/F#                G                A  
I want to be where You are

D/F#                G                A  
I'm running into Your arms

D/F#                G                A  
And I will never look back

D/F#                G                A  
So Jesus, here is my heart
