## Verse 1

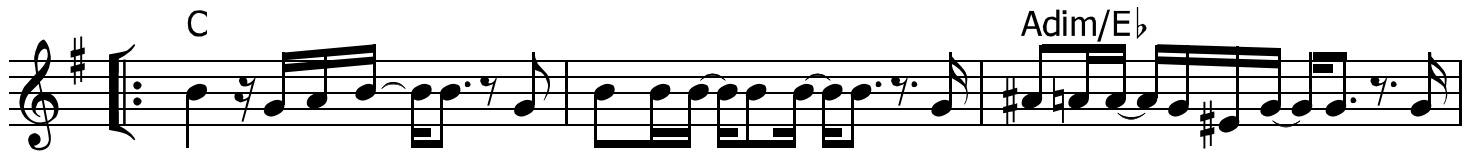

Now it's time to ease your mind, so hear me as I say Life's

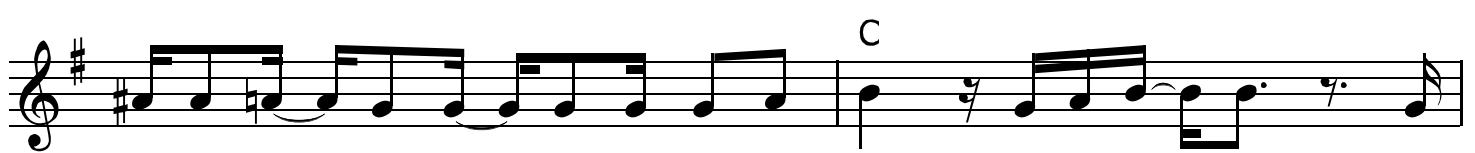

not al-ways down, you see If the sun re-fuse to shine, and all

your skies are grey Just sing this sim-ple me-lo-dy I feel

good and I know it, don't hate me if I show it The joy I feel on the in-side will

show up on the out-side My hands go up and I praise Him, you

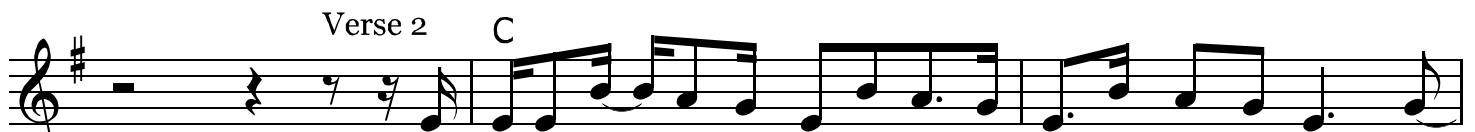

know I'm gon-na thank Him The hap-pi-ness in my life, to-

-day it won't be den-ied And I feel good, good, good

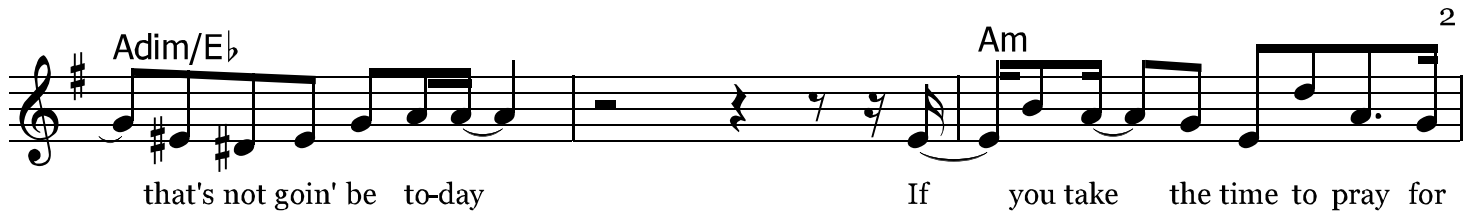

## Verse 2

Now I real-ize there will be days we will feel down and blue But

that's not goin' be to-day If you take the time to pray for

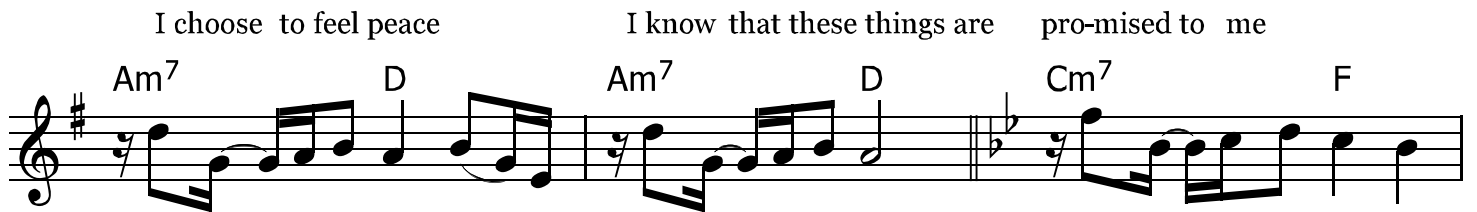

me, I'll pray for you And we can't lift our voice and say I feel

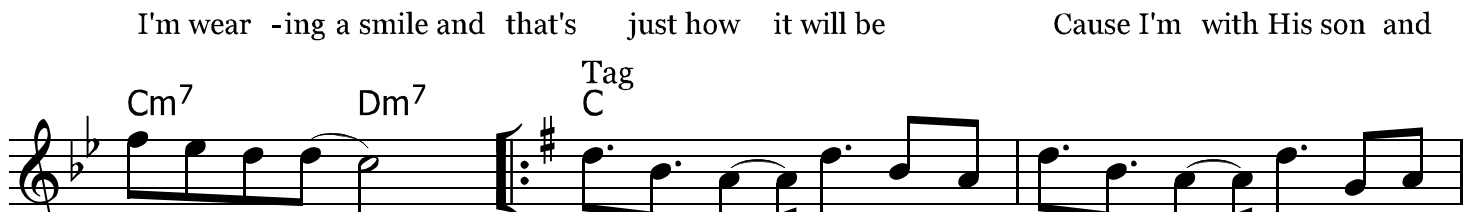

-day it won't be den -ied I feel -day it won't be den -ied I choose to feel love and

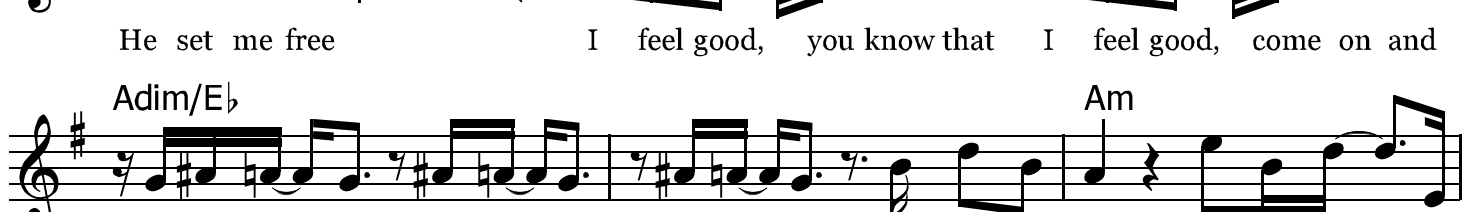

I choose to feel peace I know that these things are pro-mised to me

I'm wear -ing a smile and that's just how it will be Cause I'm with His son and

He set me free I feel good, you know that I feel good, come on and

If you don't mind, join with me, we'll be fine My hands go up prais-ing Him, I

feel like prais-ing Him If you don't mind, I don't mind, have a good time
