Verse 1 :

A/C# D G
Lost my luggage in Kalamazoo
A/C# D G
Same way I tend to lose my conscience, too

A/C# D G
Another day in these dirty old blues
A/C# D G

And I don't seem to mind

A/C# D G
This is a thing that confounds me
 A/C# D G

You can find me Lord; You surround and remind me

A/C# D G
I lose my way and I forget about You
 A/C# D G

But You still remember me

Chorus 1 :

D
Isn't it love
 A G
This rain that falls on the sinner and the saint

D
Isn't it love
 A G
This well that won't run dry

Verse 2 :

A/C# D G
And when I think about that prodigal son

A/C# D G
I've got to smile when I see the old man run

A/C# D G
And I know that You love us the same
 A/C# D G

'Cause the sun came up today

A/C# D G

Just as if we deserved it

A/C# D G

Just as if every one of us fools was worth it

A/C# D G

Truth is that we'll never be perfect

A/C# D G

But You love us just the same

Verse 3 :

A/C# D G

Isn't it love to look down from the sky

A/C# D G

And see Your only Son on the cross asking why

A/C# D G

And somehow let Him die that way

A/C# D G

And not call the whole thing off

A/C# D G

All for this man stuck here in Kalamazoo

A/C# D G

Who loses his bags and his way sometimes too

A/C# D G

But that was something that You already knew

A/C# D G

And still You died for me

A/C# D G

Still You died for me
