Keep Your Eyes Open - Needtobreathe
Words & Music : Bear Rinehart & Bo Rinehart

Verse 1&2

F       Am       C       F
1. If you could soldier on, head-strong into the storm
2. Just past the circumstance The first light, a second chance

F       C       Am       G       F       Am
I'll be here waiting on the other side Don't look back, the road is long
No child could ever dance the way you do, oh Tear down the prison walls

The first days of the war are gone Don't start the curtain call
Take back your former throne and turn Your chains will never fall until

Chorus 1&2

Am       G       C
1. Cause if you never leave home, never let go
2. Cause if you never leave home, never let go

Am
You'll never make it to the great unknown
You'll never make it to the great unknown
Till you keep your eyes open, my love
Till you keep your eyes open, my love

G       F       C
So tell me you're strong, tell me you see
So show me your fire, show me your heart

Am
I need to hear it, can you promise me To keep your eyes
You know I'll never let you fall apart If you keep your eyes

Open, my love
Open, my love

Open up, Open up your eyes
The weight is unbroken

Open up, Open up your eyes
Keep your eyes open

Don't let the night become the day
Don't take the darkness to the grave

I know pain is just a place
The will has been broken

Don't take the sadness to the grave
I know the fight is on the way

When the sides have been chosen
Never leave home, never let go

You'll never make it to the great unknown
Open up your eyes, keep your eyes open So
tell me you're strong, tell me you see I need to hear it, can you promise me To keep your eyes open, my love So show me your fire, show me your heart
You know I'll never let you fall apart If you keep your eyes open, my love
Keep your eyes open
