Verse 1 :

C#m  
When the road runs dead  
E  
You can see a way I don't  
C#m  
And it makes no sense  
E  
But You say that's what faith is for  
C#m A  
When I see a flood You see a promise  
E  
When I see a grave You see a door  
C#m  
And when I'm at my end  
A E  
You see where the future starts

Chorus :

C#m  
I don't know how You make a way  
A E  
But I know You will  
C#m  
I don't know how You make a way

A E  
But I know You will  
C#m  
You've been good on every promise  
C#m  
From Eden to Zion  
B A  
Through every dead end  
E  
And out of that grave  
C#m  
I don't know how You make a way  
A E  
But I know You will  
Verse 2 :  
C#m  
When the world's on fire  
A E  
It's not like You don't have a plan  
C#m  
And when the earth gives way  
E  
On this Rock Your Church will stand  
C#m A  
Nothing has ever once surprised You

**E**  
Nothing has ever made You flinch  
**C#m**  
And when it all shakes out  
**A E**  
The gates of hell don't stand a chance

**Chorus**

**Bridge :**

**A B**  
You pulled my heart from Egypt  
**C#m B**  
You carved a road through sea  
**E**  
From all our chains to endless praise  
**G#m**  
The story ends in You

**A B**  
And when we cross that Jordan  
**C#m B**  
Look back at where we've been  
**E**  
From all our chains to endless praise  
**G#m**  
The story ends in You

**Chorus**

**Outro :**

**E**  
I know You will
