Never Let You Go - Manafest

Verse 1&2
Am

1. When you're awake and you can't be-lieve your eyes
2. When you look in the mir-ror and you run a-way

Cause all the truth that you knew has turned to lies
Cause all you see are the scars from yest-er-day

When you're scared and you can't see past a day
When the par-a-de goes by and you feel a-lone

Re-mem-ber who holds to-mor-row, know His love will light your way
Ne-ver lose hope to sor-row, you're clos-er than you know

Hold on when e-v'ry-thing is shak-ing
Stand strong when the ground is fall-ing through
Reach out to My hand in the dark-ness

That's (I'm) hold-ing you
I'll be your peace in the wait-ing

Your strength when you're brok-en on the floor
Hold on it's all worth fight-ing for

You're more to Me than you could ever know
