Verse 1
When you see the road ahead that you've been down before
When you're halfway to nowhere and you can't pay the toll
You're hanging onto mercy withered on the vine
With your feet on the ground, your head in the clouds
And your heart on the line
Open up your eyes
You've got to rise up rise up when this life has got you down
You've got to look up look up when you search and nothing's found
My eyes have seen the glory of the love that's here and now
It's coming down, so rise up

Chorus

Verse 2

When you're told that day is over long after the sun goes down
And your mind it keeps on racing at the dreams
now Yea-yeah

that don't come 'round When you don't know how to surrender cause your whole
life's been a fight When the dark holds you and you can't break through Cause you

have'n't seen the light Open up your eyes You've got to now Yeah rise up

now, oh rise up now And all the lambs roar like lions

And all the prisoners breaking their chains And all the poor find their treasure

Cause heaven is coming this way And all the lambs roar like lions

And all the prisoners breaking their chains And all the poor find their treasure

Cause heaven is coming this way now Yeah rise up now, oh rise up
now  Yea-e-yeah
